

## **Attention All Providers – Modified Payment Schedule**

REMINDER: As you are aware, the Department is increasing the Medicaid services' claims review time by adding an additional 14 days to help root out fraud and abuse, as well as improve the integrity of claims payment. To allow providers time to alter their business practices and adjust to the modified payment schedule, the Department opted to phase in this policy by adjusting payment dates back one or two working days at a time in most months. Please remember to check the modified payment schedule located at [lamedicaid.com](http://lamedicaid.com).
