

**ATTENTION LTC PROVIDERS
SYSTEMATIC ADJUSTMENTS OF INCORRECT PAYMENTS
FOR SERVICE MONTH FEBRUARY 2016**

Some long term care payments for February dates of services contained errors related to the Patient Liability (PLI) calculation due to this being a leap year. DHH and Molina are aware of this issue and have worked to resolve it. You do not need to take any action. Molina will recycle impacted claims and adjust them so that payments will be made correctly. This will be done on the March 22, 2016 Remittance Advice.
