

ATTENTION HOSPITAL PROVIDERS
Diabetes Self-Management Training Payments:

It was recently noted that hospital outpatient claims containing codes G0108 (Diabetes outpatient self-management training-individual) and G0109 (Diabetes outpatient self-management training-group) have been processing and paying incorrectly at Cost-to Charge Ratio rather than Fee-For Service, which lead to both claims that were over paid and claims that were underpaid. Changes to the claims processing system have been made to correct this error. Claims for dates of service 2/5/2013 through 2/5/2015 will be systematically recycled/adjusted on the remittance of 4/21/2015 without any action required on behalf of the provider.

Please contact Molina Provider Relations (800)473-2783 or (225) 924-5040 for questions.
