

**ATTENTION: Providers and Submitters of Fee for Service (FFS) Medicare Crossover Claim
Denials for Dual QMB/Take Charge Plus Members**

Medicaid will cover Take Charge Plus related services when a member has dual Take Charge Plus and QMB eligibility. However, if the claim is submitted as a crossover claim and the services were denied by Medicare, they will be denied by Medicaid. In these instances, the claim should be resubmitted to Molina hard copy with the Medicare EOB attached documenting Medicare's denial. Molina will review and special handle these claims to bypass the appropriate edits for processing.
