

ClaimsXten - Implementation Delayed

The implementation of the new editing product, ClaimsXten (CXT) has been delayed one week as LA Medicaid and Gainwell Technologies work to assure a smooth transition. Providers can expect to see fee-for-service claims processed using the new software on the remittance of April 4, 2023.

This delay will also affect the implementation of the National Correct Coding Initiative (NCCI) Medically Unlikely Edits (MUE) for Medicaid fee-for-service Outpatient Hospital and DME claims. Once implemented, the NCCI MUEs will affect claims on the April 4, 2023 remittance.

Providers are encouraged to monitor the LA Medicaid website for updates related to the CXT implementation.

Questions regarding this message and fee for service claims are to be directed to Gainwell Technologies Provider Relations at (800) 473-2783 or (225) 924-5040.
