National Correct Coding Initiative - 2015 Quarter One Editing Update

The Centers for Medicare and Medicaid Services (CMS) provides State Medicaid agencies with updates to the National Correct Coding Initiative (NCCI) procedure to procedure (PTP) edits on a quarterly basis. **Effective with date of processing February 2, 2015** providers may notice some differences in NCCI editing specific to professional, ASC and outpatient hospital services. Providers should expect some claims may now pay or deny based on the changes CMS has provided to NCCI editing.
