

ATTENTION OUTPATIENT HOSPITAL SERVICES PROVIDERS:

During a recent claims processing system update, it was noted that the reimbursement for immunizations to outpatient hospital services providers was incorrect. The referenced processing error resulted in an overpayment to providers. This error has been corrected. Affected claims will be adjusted resulting in a recovery of the overpayments without any action on behalf of the provider. This adjustment will be included on the RA for Tuesday, August 22, 2017.

For questions regarding this message and/or fee for service claims, please contact Molina Provider Relations at (800) 473-2783 or (225) 924-5040.

Updates to Healthy Louisiana related systems and claims processing changes are plan specific and are the responsibility of each health plan. For questions regarding Healthy Louisiana updates, please contact the appropriate health plan.
