

### **Reimbursement Changes for Physician-Administered Drugs Medicare Crossover Claim Adjustments**

Louisiana Medicaid has recently revised the reimbursement methodology for physician-administered drugs in a physician office setting effective with dates of service July 1, 2018.

Fee-for-service (FFS) Medicare crossover claims previously processed for physician-administered drugs (J-codes) or payable vaccines beginning with date of service July 1, 2018 have been adjusted/recycled as appropriate based on the updated reimbursement rate.

Providers can expect to see the results of this process as it applies to Medicare crossover claims on the remittance advice of October 30, 2018.

This action will affect Professional Services, Take Charge Plus and applicable Immunization claims.

Please contact Molina Provider Relations at (800) 473-2783 or (225) 924-5040 if there are questions related to this matter for FFS claims. Questions related to the Healthy Louisiana managed care organizations' updates should be directed to the specific health plan.
