OUTPATIENT HOSPITAL SERVICES FEE SCHEDULE
FEES EFFECTIVE FOR DOS FROM JANUARY 1, 2024 THROUGH DECEMBER 31, 2024
LEGEND

Listed below are some aids we hope will help you understand this fee schedule. If, after reading the information below, you need further clarification of an item, please call Gainwell Technologies Provider Relations at 1-800-473-2783.

COLUMN 1. TS (Type Service): Definition: Files on which codes are loaded and from which claims are paid. The file to which a claim goes for pricing is determined by, among other things, the type of provider who is billing and by the modifier appended to the procedure code.

Listed below is an explanation of the type of service found on this schedule.

30 - Acute Care Outpatient Services

20 - Enhanced Outpatient Rehab Services (under age 3)

COLUMNS 2, 3 and 4. CODE, DESCRIPTION and FEE: All revenue (HR) codes will require a valid procedure code (HCPC or CPT). All revenue codes will be reimbursed based on the Hospital Specific Cost-to-Charge Ratio except for Labs, Outpatient Services (Therapies), and Hospital Outpatient Clinic Visits will be paid based on the procedure code fee.

NOTE: Hospital Outpatient Ambulatory Surgery (490) fees are listed under a separate web based Fee Schedule.

COLUMN 5. AGE MIN and MAX: Codes with minimum or maximum age restrictions. If the recipient's age on the date of service is outside the minimum or maximum age, claims will deny.

COLUMN 6. PA (Prior Authorization): Some services must be prior authorized before they are rendered. If a PA request is approved, a PA number will be issued for inclusion on the claim. If a PA request is not approved, no payment for the service will be made.

COLUMN 7. MED REV: Claims with some codes pend to Medical Review for review of the attachments or to confirm Prior Authorization by the surgeon.

COLUMN 8. SEX (Restriction): Some procedure codes are restricted to a particular sex.

COLUMN 9. UVS>001: An 'X' in this column means more than one unit of service per day may be billed.

COLUMN 10. Effective date: Type of Service (TOS) 30 was created 6/1/08 specifically for outpatient hospitals. As the HCPC codes are updated annually, the effective date and fee of a specific code will change if affected.

COLUMN 11. X-OVERS (Only): These codes are payable for Medicare/Medicaid recipients only.

COLUMN 12. SPEC IND: This code is associated with a special process.
Code E - Medicaid Expansion
