

## Treatment-In-Place (TIP) Telehealth Services

Treatment-in-place telehealth claims must include the G2021 procedure code. Please see details in the charts below.

Valid rendering providers are licensed physicians, advanced practice registered nurses, and physician assistants.

Rendering provider NPI is required for each service when rendering provider is different than billing provider.

**Treatment-in-place telehealth claims billed without G2021 are subject to post-payment review, recoupment, and additional sanctions as deemed appropriate by Louisiana Medicaid.**

As with all telehealth claims, providers must include POS identifier of "02" and modifier "95" on the claim to identify the claim as a telehealth service.

**COLUMN A:** Type of Service. Definition: Files on which codes are loaded and from which claims are paid. The file to which a claim goes for pricing is determined by, among other things, the type of provider who is billing and the modifier appended to the claim.

Listed below is an explanation of the types of service found on this schedule.

03 - Full service. The file from which physician services are paid primarily for recipients 16 years of age and older. Nurse Practitioners, and Physician Assistants are paid at 80% of this fee.

07 - Full service file for physician services for recipients 0 through 15 (0-15) years of age. Nurse Practitioners, and Physician Assistants are paid at 80% of this fee.

09 - Treatment-in-Place Telehealth services

**COLUMNS: B and C,** Code, Description

**COLUMNS: D and E,** Place of Service and Modifier

**COLUMN F,** Age Min and Max: Codes with minimum or maximum age restrictions. If the recipient's age on the date of service is outside the minimum or maximum age, claims will deny.

**COLUMN G: Fee**

**COLUMN H: UVS>001: An 'X' in this column means more than one unit of service per day may be billed.**

**COLUMN I and J:** Effective begin and end dates.
