Children who reach their 18th birthday may choose to transfer into the Supports Waiver if their primary goal is employment. Children who reach their 21st birthday while participating in the Children's Choice Waiver will transfer into an appropriate waiver for adults as long as they remain eligible for waiver services.

Developmental Disabilities Request for Services Registry

Enrollment in the waiver is dependent upon the number of approved and available funded waiver slots. Requests for waiver services are made through the applicant's local Human Services Authority or District. Individuals who request waiver services are placed on a statewide Request for Services Registry (RFSR) and are selected for an Office of Citizens with Developmental Disabilities (OCDD) waiver opportunity based on their urgency of need and earliest registry date. Only requests from the applicant or his/her authorized representative will be accepted.

Once it has been determined by the Human Services Authority or District that the applicant meets the definition of a developmental disability as defined by the Louisiana Developmental Disability Law (See Appendix A), the applicant's name will be placed on the RFSR in request date order and the applicant/family will be sent a letter stating the individual's name has been secured on the RFSR along with the original request (protected) date. The individual will then undergo a Screening for Urgency of Need (SUN). Entry into an OCDD Waiver will be offered to applicants from the RFSR by urgency of need and the earliest request for services date.

Verifying Screening for Urgency of Need and Request Date

Applicants or their authorized representatives may verify their SUN score and request date by calling their local Human Services Authority or District (See Appendix C).

Medical Certification Eligibility Requirements

Each applicant must meet a separate categorical requirement of disability as defined by the Social Security Administration. If the applicant does not receive SSI, a disability determination is required as part of the eligibility process. The support coordinator will submit medical information to the BHSF. The disability determination is made by the BHSF Medical Eligibility Determination Team and *is separate* from the level of care determination made by the Human Services Authority or District for waiver service eligibility.

Continuity of stay/continuity of care means the individual cannot be certified earlier than 30 days after the first waiver service is provided (at which point coverage can be retroactive to first service, provided all other eligibility criteria is met).

Exception: Continuity of stay does not apply to SSI beneficiaries.

Application Process

A Medicaid eligibility application must be completed for all waiver applicants, including those already determined eligible under another category of Medicaid assistance such as Louisiana Children’s Health Insurance Program (LaCHIP). Additional eligibility criteria (resources, transfer of resources, trusts) are applicable for Louisiana Children’s Choice Waiver, which may not apply in some other categories of Medicaid.

The support coordination agencies will provide intake services, i.e. interview the family, and assist in gathering medical and other information necessary for eligibility determination. The support coordination agency will then forward the completed application packet to the Medicaid Eligibility Office.

Once the completed financial eligibility packet is received in the Medicaid eligibility office, the Medicaid Analyst will review the application and contact the applicant’s family for any needed verification or clarifying information.

Simultaneously, the support coordinator will submit a packet to the appropriate Human Services Authority or District waiver office will make a home visit and issue a medical certification which is a BHSF form 142.

Once OCDD receives an approved BHSF Form 142 from the Human Services Authority or District and all other eligibility factors, have been met, the certification can be processed. When all eligibility criteria are met as of the admission date to the waiver, the effective certification date can be retroactive.

The initial certification period will be for twelve months, including any retroactive months of eligibility.

Level of Care

Louisiana Children’s Choice Waiver is an alternative to institutional care. All waiver applicants must meet the definition of developmental disability (DD) as defined in Appendix A. The Human Services Authority or District will issue either a Statement of Approval (SOA) or a Statement of Denial (SOD). If a Statement of Denial is issued, the application stops and the person is removed from the RFSR after all appeals have been exhausted. Individuals who receive a Statement of Approval continue to move forward in the process.

SECTION 14.2: BENEFICIARY REQUIREMENTS**PAGE(S) 5**

The OCDD “Request for Medical Eligibility Determination” 90-L form is the instrument used to determine if an applicant meets the level of care of an ICFIID. The 90-L form is submitted by the Medicaid data contractor at the time the initial waiver offer is sent to the applicant/family. The 90-L form must be:

- Completed 180 days or less before the date the Children’s Choice Waiver service is approved to begin and annually thereafter;
- Completed, signed and dated by the applicant’s Louisiana licensed primary care physician, a licensed advanced nurse practitioner or licensed physician’s assistant may sign the 90-L, but the supervising or collaborating physician’s name and address must be listed; and
- Submitted with the initial or annual POC.

The applicant/family is responsible for obtaining the completed 90-L form.

Choice of Service, Support Coordination and Direct Service Providers

Beneficiaries have freedom of choice concerning whether or not to receive Louisiana Children’s Choice Waiver services and may select their support coordination agency and direct service providers.

Support Coordination

Support Coordination is a service within the Louisiana Children’s Choice Waiver and is necessary for waiver participation. Beneficiaries may choose a support coordination agency that is available and can accept new assignments in their region. For the first year, a beneficiary will remain with the same support coordination agency. Thereafter, a beneficiary may request a change in support coordination agencies every six months or for “good cause.” (See Section 14.4 for “Procedures for Changing Support Coordination Agencies” for details on the process of changing support coordinators.) Beneficiaries who cannot be reached by their support coordinators to arrange for evaluations, service planning, or review of services jeopardize their access to services.

Direct Service Providers

Beneficiaries have freedom of choice of direct service provider agencies that are available in the region where they live. For the first year, a beneficiary will remain with the same agency. Thereafter, a beneficiary may change direct service provider agencies every twelve months or at any time for “good cause.” (See Section 14.4 “Changing Direct Service Providers” for details on the process of changing service providers).

The waiver beneficiary may return to waiver services when documentation is received from the treating physician that the admission is temporary and shall not exceed 90 days. The beneficiary will be discharged from the waiver on the 91st day if still in the facility. Payment for waiver services will not be authorized when the beneficiary is in a facility;

- Failure to cooperate in the eligibility determination process, the initial or annual implementation of the POC, or fulfilling his/her responsibilities as a Louisiana Children's Choice Waiver beneficiary.

In the event of a Force Majeure, support coordination agencies, direct service providers, and beneficiaries whenever possible, will be informed in writing, and/or by phone and/or via the Louisiana State Medicaid [website](#) of interim guidelines and timelines for retention of waiver slots and/or temporary suspension of continuity of services.

The direct service provider is required to notify the support coordination agency within 24 hours if they have knowledge that the beneficiary has met any of the above stated discharge criteria.
