CMS 1500 (02/12) Billing Instructions for FQHC Services

Hard copy billing of FQHC services are billed on the paper CMS-1500 (02/12) claim form or electronically on the 837P Professional transaction. Instructions in this appendix are for completing the CMS-1500; however, the same information is required when billing claims electronically. Items to be completed are listed as **required**, **situational** or **optional**.

Required information must be entered in order for the claim to process. Claims submitted with missing or invalid information in these fields will be returned unprocessed to the provider with a rejection letter listing the reason(s) the claims are being returned or will be denied through the system. These claims cannot be processed until corrected and resubmitted by the provider.

Situational information may be required, but only in certain circumstances as detailed in the instructions that follow.

Paper claims should be submitted to:

Molina Medicaid Solutions P.O. Box 91020 Baton Rouge, LA 70821

Services may be billed using:

- The rendering provider's individual provider number as the billing provider number for independently practicing providers; or
- The group provider number as the billing provider number and the individual rendering provider number as the attending provider when the individual is working through a 'group/clinic' practice.

NOTE: Electronic claims submission is the preferred method for billing. (See the EDI Specifications located on the Louisiana Medicaid website at <u>www.lamedicaid.com</u>, directory link "HIPAA Information Center, sub-link "5010v of the Electronic Transactions" – 837P Professional Guide.)

This appendix includes the following:

- Instructions for completing the CMS 1500 claim form and samples of completed CMS-1500 claim forms; and
- Instructions for adjusting/voiding a claim and samples of adjusted CMS 1500 claim forms.

23	Prior Authorization (PA) Number	Situational – Complete if appropriate or leave blank. If the services being billed must be prior authorized, the 9 digit numeric PA number is required to be entered.	
24	Supplemental Information	Situational – Applies to the detail lines for drugs and biologicals only. CURRENTLY, THIS IS NOT A REQUIREMENT FOR FOHC PROVIDERS. In addition to the procedure code, the National Drug Code (NDC) is required by the Deficit Reduction Act of 2005 for physician-administered drugs and <u>shall be</u> <u>entered</u> in the shaded section of 24A through 24G. Claims for these drugs shall include the NDC from the label of the product administered. To report additional information related to HCPCS codes billed in 24D, physicians and other providers who administer drugs and biologicals must enter the Qualifier N4 followed by the 11-digit NDC. Do not enter a space between the qualifier and the NDC. Do not enter hyphens or spaces within the NDC. Providers should then leave one space then enter the appropriate Unit Qualifier (see below) and the actual units administered. Leave three spaces and then enter the brand name as the written description of the drug administered in the remaining space. The following qualifiers are to be used when reporting NDC units: F2 International Unit ML Milliliter GR Gram UN Unit	FQHCs who administer drugs and biologicals must enter drug-related information in the SHADED section of 24A – 24G of appropriate detail lines only. This information must be entered in addition to the procedure code(s)

CHAPTER 22: FEDERALLY QUALIFIED HEALTH CENTERSAPPENDIX D: CLAIMS FILINGPAGE(S) 32

Adjustments and Voids

An adjustment or void may be submitted electronically or by using the CMS-1500 (02/12) form.

<u>Only a paid claim can be adjusted or voided</u>. Denied claims must be corrected and resubmitted – not adjusted or voided.

Only one claim line can be adjusted or voided on each adjustment/void form.

For those claims where multiple services are billed and paid by service line, a separate adjustment/void form is required for each claim line if more than one claim line on a multiple line claim form must be adjusted or voided.

The provider should complete the information on the **adjustment** exactly as it appeared on the original claim, **changing only the item(s) that was in error and noting the reason for the change in the space provided on the claim**.

If a paid claim is being voided, the provider must enter all the information on the **void** from the original claim exactly as it appeared on the original claim. After a voided claim has appeared on the Remittance Advice, a corrected claim may be resubmitted (if applicable).

Only the paid claim's most recently approved internal control number (ICN) can be adjusted or voided,thus:

- If the claim has been successfully adjusted previously, the most current ICN (the ICN of the adjustment) must be used to further adjust the claim or to void the claim.
- If the claim has been successfully voided previously, the claim must be resubmitted as an original claim. The ICN of the voided claim is no longer active in claims history.

If a paid claim must be adjusted, almost all data can be corrected through an adjustment, with the exception of the Provider Identification Number and the Recipient/Patient Identification Number. Claims paid to an incorrect provider number or for the wrong Medicaid recipient cannot be adjusted. They must be voided and corrected claims submitted.

Adjustments/Voids Appearing on the Remittance Advice

When an Adjustment/Void Form has been processed, it will appear on the Remittance Advice under *Adjustment or Voided Claim*. The adjustment or void will appear first. The original claim line will appear in the section directly beneath the Adjustment/Void section.

ISSUED: 09/28/15 REPLACED: 04/30/14

CHAPTER 22: FEDERALLY QUALIFIED HEALTH CENTERSAPPENDIX D: CLAIMS FILINGPAGE(S) 32

The approved adjustment will replace the approved original and will be listed under the "Adjustment" section on the RA. The original payment will be taken back on the same RA and appear in the "Previously Paid" column.

When the void claim is approved, it will be listed under the "Void" column of the RA.

An Adjustment/Void will generate Credit and Debit Entries which appear in the Remittance Summary on the last page of the Remittance Advice.

ADA Claim Form Billing Instructions for FQHC Services

Medicaid EPSDT Dental and Adult Denture Program Services

The 2006 American Dental Association Claim Form is the only hardcopy dental claim form accepted for Medicaid reimbursement of services provided under the Medicaid EPSDT Dental Program or Adult Denture Program. These claim forms may be obtained by contacting the American Dental Association or your dental supply company.

The following billing instructions correspond to the 2006 ADA Claim Form.

Required information must be entered to ensure claims processing.

Situational information may be <u>required</u> only in certain situations as detailed in each instruction item.

Information on the claim form may be handwritten or computer generated and must be legible and completely contained in the designated area of the claim form.

EPSDT Dental Program and Adult Denture Program claims should be submitted to:

Molina Medicaid Solutions P. O. Box 91022 Baton Rouge, LA 70821

EPSDT Dental Services Adjustment/Void (209) and Adult Dental Services Adjustment/Void (210) Form

The EPSDT Dental Services 209 Adjustment/Void form (revision date 10/04) must be used when submitting adjustments/voids for EPSDT Dental Program services for all dates of service.

Additionally, when submitting adjustments/voids for the Adult Denture Program for all dates of service, dental providers must use the Adult Dental Services 210 Adjustment/Void form (revision date 10/04).

For both adjustment/void forms, the Form Locator 15 has been renamed as "Patient I.D./Account# Assigned by Dentist". If the patient's account (medical record) number is entered here, it will appear on the Medicaid Remittance Advice. It may consist of letters and/or numbers, and it may be a maximum of 20 positions.

Providers can obtain these forms from Molina Medicaid Solutions or through the Louisiana Medicaid website at <u>www.lamedicaid.com</u>. Instructions for completing the forms can also be obtained on the Medicaid website or within this document.
