

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

**GENERAL CLAIMS FILING**

This section provides general information on the process of submitting claims for Medicaid services to the fiscal intermediary (FI) for adjudication. Program specific information for filing claims is provided in each program manual chapter.

Additionally, the fiscal intermediary offers support to providers, vendors, billing agents or clearinghouses (VBCs) in matters related to **electronic data interchange (EDI)**. This includes providing support for transactions implemented as mandated by the Health Insurance Portability and Accountability Act (HIPAA).

**Hard Copy/Paper Claim Forms**

The most current CMS-1500, UB-04, American Dental Association (ADA), and Pharmacy National Council for Prescription Drug Programs (NCPDP) claim forms are to be used when filing paper claims. These forms can be obtained through most business form vendors, some office supply stores, or by contacting the appropriate national claim form outlet. Some state-specific claim forms such as the KIDMED KM-3 form are also required for billing.

All paper claims are scanned and stored online. This process allows the **Provider Relations Department** to respond more efficiently to claim inquiries by facilitating the retrieval and research of submitted claims.

It is strongly encouraged that providers file claims electronically. However, if you cannot submit claims electronically, or if Medicaid policy does not allow the claim to be submitted electronically, prepare your paper claim forms according to the following instructions to ensure appropriate and timely processing.

- Submit original claim forms (including resubmission of corrected claim forms).
- Properly align forms in printer to ensure information is within the appropriate boxes.
- Use high quality printer ribbons and cartridges – black ink only.
- Use font types Courier 12, Arial 11, or Times New Roman, font sizes 10-12.
- Do not use italic, bold, or underline features.
- Do not submit two-sided documents.
- Do not use marking pens. Use a black ballpoint pen (medium point).
- Do not use highlighters on claim forms. Providers who want to draw attention to a specific part of a report or attachment should circle that particular paragraph or sentence.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

- Do not submit carbon copies under any circumstances.
- Ensure that claim forms are standard size of 8 ½" x 11", not smaller or larger.

**Attachment Size**

Claims with attachments must be billed hard copy. All claim attachments should be standard 8 ½ X 11 sheets. Any attachments larger or smaller than this size should be copied onto standard sized paper.

**Receiving and Screening Paper Claims**

When a paper claim is received, it is screened for missing information. If the provider name, the provider number, recipient Medicaid identification number, and/or service dates are missing, the claim is rejected. The provider signature is required on most claims and must be present when applicable to prevent rejection.

Claims which have all the necessary items completed for claims processing will proceed to the next part of the claims processing cycle, in which the claim is microfilmed, given a unique 13-digit internal control number (ICN) and entered into the computer for processing.

**Returned Claims**

If the claim is rejected because of missing or incomplete items, the original claim will be returned accompanied by a "reject" letter. The reject letter will indicate why the claim has been returned. A returned claim will not appear on the **Remittance Advice (RA)** because it will not have entered the claims processing system. The claim will not be microfilmed and given an ICN before being returned to the provider and it cannot be considered as proof of timely filing.

**Changes to Claim Forms**

It is the policy of the Louisiana Medicaid Program that the fiscal intermediary staff are not allowed to change any information on a provider's claim form. Therefore, if changes are required on a claim, the provider or its billing agent must make those changes and resubmit the claim.

**Data Entry**

Data entry personnel do not make any attempts to interpret the claim form – they merely enter the data as found on the form. If the data is incorrect or is not in the correct location, the claim will not process correctly.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

**General Reminders**

- With the exception of the UB04 claim form, all other claim forms must be signed and dated. The FI will accept stamped or computer-generated signatures, but authorized personnel must initial them.
- Continuous feed forms must be torn apart before submission.
- The recipient's 13-digit Medicaid ID number must be used to bill claims. The 16-digit CCN number from the plastic ID card is **NOT** acceptable.

The Medicaid Program is required to make payment decisions based on the documentation submitted on the claim.

**Electronic Claims**

Providers are strongly encouraged to submit claims using the **Electronic Data Interchange (EDI)**. Filing claims through EDI, allows a provider or a third party contractor (vendor, billing agent or clearinghouse) to submit Medicaid claims to the fiscal intermediary via telecommunications (modem). A list of VBCs that provide electronic billing services is available on the Louisiana Medicaid web site, [www.lamedicaid.com](http://www.lamedicaid.com), link HIPAA Information Center.

Prior to billing electronically, providers must obtain a submitter ID number through the FI's Provider Enrollment Unit or contract with an approved submitter. Once the submitter number is loaded on the provider file, the FI will process test claims supplied by the provider to determine software formatting issues. Billing electronically requires software that complies with the Health Insurance Portability and Accountability Act (HIPAA) standards. Please refer to the HIPAA Transaction Companion Guide.

All claims received via electronic media must satisfy the criteria listed in the EDI Companion Guide for that type of service. Companion Guides are located on the Medicaid web site.

Providers that submit claims electronically must complete an EDI Certification form signed by the authorized Medicaid provider or billing agent. Failure to submit the required form will result in deactivation of the submitter number. If a number is deactivated, the certification form will have to be received hard copy (no faxes) in the fiscal intermediary EDI Department before the number is reactivated. This will result in a delay in payment for providers. Providers should verify with their submitter that this requirement has been met in order to ensure no delays in claims payment.

Certification forms are located on the Louisiana Medicaid web site, link EDI Information. Submitters must mail the Annual Certification Forms to the FI. (Refer to the Appendix B for contact information)

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

Providers, who wish to submit claims electronically may download and complete an EDI packet from this web site, link Provider Enrollment. Providers should select the certification form in the packet applicable to their provider type and make copies as necessary for submission.

**Advantages of Electronic Claims**

Submitting claims electronically has several advantages. The advantages include:

- Increased cash flow and faster payment;
- Improved claims control;
- Automated receivables information;
- Improved claim reporting by observation of errors; and
- Reduced errors through pre-editing claims information.

**Available Electronic Transactions**

Available electronic transactions include the following documents:

- Health Care Claim: Professional ASC X12N 837
- Health Care Claim: Institutional ASC X12N 837
- Health Care Claim: Dental ASC X12N 837
- Health Care Payment/Advice ASC X12N 835
- Health Care Claim Status Request and Response ASC X12N 276/277
- Health Care Eligibility Benefit Inquiry and Response ASC X12N 270/271
- Health Care Services Review: Request for Review and Response ASC X12N 278
- Transmission Receipt Acknowledgment ASC X12 997
- Payroll Deducted and Other Group Premium Payment for Insurance Products ASC X12N 820
- Benefit Enrollment and Maintenance ASC X12N 834

**Timely Filing Guidelines**

In order to be reimbursed for services rendered, providers must comply with the following timely filing guidelines established by Louisiana Medicaid:

- Medicaid only claims must be filed within 12 months of the date of service.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

- Claims for recipients who have Medicare and Medicaid coverage must be filed with the Medicare fiscal intermediary within 12 months of the date of service in order to meet Medicaid's timely filing regulations.
- Claims which fail to cross over electronically from Medicare must be submitted hard copy to Medicaid within six months from the date on the Medicare Explanation of Medicare Benefits (EOMB), provided that they were filed with Medicare within one year from the date of service.
- Claims with third-party payment must be filed with Medicaid within 12 months of the date of service.

**Claims Exceeding the Initial Timely Filing Limit**

Medicaid claims received after the initial one year timely filing limit (one year from the date of service or date of retroactive certification) cannot be processed unless the provider is able to furnish documentation that verifies timely filing. Proof of timely filing may include one the following:

- An electronic Claims Status Inquiry (e-CSI) screen print indicating that the claim was processed within the specified time frame.
- A remittance advice indicating that the claim was processed within the specified timeframe.
- Correspondence from the state or parish office concerning the claim and/or the eligibility of the recipient.

**All proof of timely filing documentation must reference the individual recipient and date of service.** RA pages and e-CSI screen prints must contain the specific recipient information, provider information, and date of service to be considered as proof of timely filing.

Louisiana Medicaid **does not** accept the following as proof of timely filing:

- Printouts of Medicaid Electronic Remittance Advice (ERA) screens;
- Rejection letters accompanying returned claims are not considered proof of timely filing as they do not reference a specific individual recipient or date of service;
- Post Office "certified" mail receipts and receipts from other delivery carriers.

**NOTE:** To ensure accurate processing when resubmitting the claim and documentation, providers must be certain that the claim is legible.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

**Claims Beyond the Two Year Timely Filing Limit**

Claims with dates of service two years old must be submitted to DHH for review and must be submitted with proof of timely filing within the initial one year filing limit. These claims must meet one of the following criteria:

- The recipient was certified for retroactive Medicaid benefits, and the claim was filed within 12 months of the date that retroactive eligibility was granted.
- The recipient won a Medicare or SSI appeal in which he or she was granted retroactive Medicaid benefits.
- The failure of the claim to pay was the fault of the fiscal intermediary or the Louisiana Medicaid Program, rather than the provider's fault, each time the claim was adjudicated.

In order to be considered for the 2-year override, requests must include a cover letter describing the criterion that has been met and supporting documentation. Requests received that do not meet these requirements will be returned to the provider.

**Billing the Recipient**

The following is a non-inclusive list of situations when the recipient cannot be billed for services rendered:

- Charges above the Medicaid maximum allowable fee amount.
- Claims denied due to provider error.
- Errors made by BHSF, the FI, or the TPL collections contractor or changes in state and federal mandates.
- Service(s) denied because the provider failed to request prior authorization or failed to meet procedural requirements.
- Claim balances remaining after another third party source such as Medicare, health insurance, Champus, etc. has made payments.
- Completion and submission of a Medicaid claim form.
- Telephone calls and missed appointments.
- Costs associated with copying medical records.

**Recipient's Responsibility**

The following is a non-inclusive list of situations when a recipient may be billed for services rendered:

- The Medicaid recipient was ineligible on the date of service.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

- The service is not covered under the scope of the Medicaid Program or exceeds the program benefit limitations.
- The recipient may be liable for the entire claim or a portion of the claim when it is determined that the services were not medically necessary.
- Services not authorized by the primary care provider for those recipients who are enrolled in the CommunityCARE 2.0 Program. These services may include hospital emergency room services and services provided by a specialist.

**NOTE:** A provider can only bill a recipient for non-covered services, if the recipient was informed in advance, verbally and in writing, that the service(s) were not covered by Medicaid and the recipient agrees to accept the responsibility for payment. The provider **should obtain a signed statement or form** which documents that the recipient was verbally informed of the out-of-pocket expense.

### **Third Party Liability**

**Federal regulations and applicable state laws require that Third Party resources be used before Medicaid is billed. Third Party Liability (TPL)** refers to those payment resources available from both private and public health insurance and from other liable sources, such as liability and casualty insurance, which can be applied toward the recipient's medical and health expenses as Medicaid, by law, is intended to be the payer of last resort. Providers should utilize REVS or MEVS to verify the recipient's eligibility which will include information about Third Party Liability (TPL) coverage if applicable. Information given includes the name and mailing address of the TPL carrier, the assigned TPL carrier code as well as any restrictions to or exclusions from the policy, if known. Providers may obtain an alpha or numeric listing of the TPL carrier codes to assist them in verifying the correct TPL carrier code for placement on their claims. The TPL Carrier Code Listings can be found on the Medicaid website at [www.lamedicaid.com](http://www.lamedicaid.com) under "Forms/Files" or by contacting the FI.

The provider should submit the "Medicaid Recipient Insurance Information Update" form to Health Management Systems (HMS) requesting an update when the insurance and carrier code are incorrect, the insurance coverage has ended, and/or the recipient's insurance coverage is not on the file. The form may be found on the Louisiana Medicaid website. A denial letter or explanation of benefits (EOB) from the TPL carrier should accompany these requests. HMS will verify the information and correct the recipient's file.

When a TPL update is necessary, the associated claim(s) should not be submitted for processing until the TPL update is made on recipient's file. Providers should re-verify eligibility through REVS or MEVS to confirm that the update has occurred.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

If the TPL insurance and carrier code is correct, the provider should enter the carrier code on the claim in the designated area, and submit the claim along with the TPL carrier's EOB if the claim is being billed hard copy to the FI for processing.

Louisiana Medicaid now accepts TPL claims billed electronically (via Electronic Data Interchange (EDI)). Providers are no longer required to bill TPL claims hard copy with the primary payer's **explanation of benefits** attached. The primary benefit of electronically submitting these claims is the expedition of processing and payment.

Providers are responsible for entering and transmitting the accurate and appropriate TPL information from the primary payer's EOB and the 6-digit carrier code into the 837 Electronic Data Interchange (EDI) transactions before submission to Louisiana Medicaid.

It is very important that providers notify their vendors, billing agents and clearinghouses (VBC's) of this important capability and to coordinate with them to make all the needed changes to their software which will allow these transactions to be processed correctly and timely. Providers may contact the FI for testing or other EDI questions.

**Third Party Sources**

If a payment is received from any source prior to billing Medicaid the provider is required to inform Medicaid of such payment. Medicaid will reduce the Medicaid allowable fee amount by the prior payment.

The following third parties must be billed prior to billing Medicaid. This list is not inclusive.

- Medicare Parts A and B,
- Health insurance:
  - Policies and indemnity policies that make payment when a medical service is provided and that restrict payment to the period of hospital confinement.
  - Policies that pay income supplements for lost income due to a disability or policies that make a payment for a disability, such as a weekly disability policy, are not included.
- Major medical, drug, vision care and other supplements to basic health insurance contracts,
- CHAMPUS – provides coverage for off base medical services to dependents of uniformed service personnel, active or retired,
- Veteran Administration (CHAMP-VA) provides coverage for medical services to dependents of living and deceased disabled veterans,

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

- Railroad Retirement,
- Automobile medical insurance,
- Worker's compensation,
- Liability insurance – includes automobile insurance and other public liability policies, such as home accident insurance, etc.,
- Family health insurance carried by an absent parent,
- Black Lung Benefits,
- United Mine Workers of America Health and Retirement Fund, and donated funds.

**Billing Medicare and Other Third Party Sources****Medicare/Medicaid Crossover****Dual Eligibles**

Dual eligibles are recipients who have Medicare and Medicaid coverage. Medicaid will reimburse the provider an amount up to the full amount of Medicare's statement of liability for co-insurance and deductible for Qualified Medicare Beneficiaries (QMB) as long as it does not exceed Medicaid's allowable reimbursement for the service. These claims are paid for QMBs even if the procedure is not in "pay" status on the Medicaid files.

For claims in which Medicare's reimbursement exceeds the maximum allowable by Medicaid, **Medicaid will "zero" pay the claim. This means that the claim will be shown in the Approved Claims section of the RA with a "\$0" shown in the payment column.** This claim is considered "paid in full" and the provider may not seek additional remuneration from the recipient.

Medicaid will pay up to the Medicare deductible and coinsurance on Medicare approved claims for non-Qualified Medicare Beneficiaries (non-QMB) receiving both Medicare and Medicaid, provided the procedure is covered by Medicaid. Medicaid will reimburse the provider an amount up to the full amount of Medicare's statement of liability for co-insurance and deductible as long as it does not exceed Medicaid's allowable reimbursement for the service. Medicaid will "zero" pay the claim when Medicare's reimbursement exceeds the maximum allowable by Medicaid.

If a recipient has both Medicare and Medicaid coverage, providers should file claims in the appropriate manner with the regional Medicare intermediary/carrier, making sure the recipient's Medicaid number is included on the Medicare claim form.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

Once the Medicare intermediary/carrier has processed/paid their percentage of the approved charges, Medicare will electronically submit a “crossover” claim to the Medicaid FI that includes the co-insurance and/or deductible. If the “crossover” claim is denied by Medicare, the provider must submit a corrected claim to Medicare, if applicable. If the “crossover” claim is not received by the FI from Medicare, then the provider must submit a hard copy claim to the FI for payment of Medicaid’s responsibility.

To process hard copy Medicare crossover claims, the provider must do the following:

- Make a copy of the claim filed to Medicare.
- Put the Medicaid provider number and recipient Medicaid number in the appropriate form locators.
- Attach a legible copy of the Medicare EOB including edit/denial descriptions to the claim.

In addition, all of the EOB data, such as patient name and dates of service must match. Mail the hard copy Medicare crossover claim to the Medicaid FI. Once a claim is received, the claim will be processed, and reimbursement will be made to the provider.

**NOTE:** The provider should receive the Medicaid payment four to six weeks after receiving the Medicare payment.

If a provider’s crossover claim does not appear on the RA within six weeks of the Medicare date of pay, the claim has failed to crossover electronically and must be filed hard copy.

**Medicare Advantage Plan Claims**

All recipients participating in a Medicare Advantage Plan must have both Medicare Part A and Medicare Part B.

The Medicare Advantage Care Plans have been added to the Medicaid Third Party Resource File for the appropriate recipients with six-digit alpha-numeric carrier codes that begin with the letter “H”. A list of carrier codes can be accessed on the Louisiana Medicaid website.

Providers must submit hard copy claims with the Medicare Advantage Plan EOB attached and the six digit carrier code entered correctly on the form in order for the claim to process correctly. Hard copy claims submitted without the plan EOB and without a six-digit carrier code will not be processed

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

A Medicare Advantage Plan institutional or professional cover sheet **MUST** be completed in its entirety **for each claim** and attached to the top of the claim and EOB. Claims received without this cover sheet will be rejected. A copy of these cover sheets may be obtained from the Louisiana Medicaid website at [www.lamedicaid.com](http://www.lamedicaid.com) under “Forms/Files”.

**Discovery of Medicare Eligibility after Medicaid Payment**

Recoupment of any Medicaid payments made prior to discovery of a recipient’s Medicare eligibility is routinely handled by Health Management Systems (HMS), a TPL collections contractor. This private company is contracted by DHH to review payments and recoup any payment issued as Medicaid being the primary payer when the recipient had Medicare or private insurance. HMS identifies these claims and notifies the provider via letter with an attached claim report of Medicaid recipients whose claims paid as Medicaid primary when other resources were available.

One week after the letter is mailed; the provider is contacted to verify receipt of the letter, answer questions, and discuss documentation. The providers are allowed approximately 60 days to bill Medicare or the private insurance company. Ten days prior to date of recoupment, the provider will again be contacted by HMS to ensure that they understood the requirements and timeframes. At the end of the 60 days, information is sent to the FI to recoup the payments.

When an “H” appears at the beginning of the medical records number found on the Medicaid remittance advice, it is a HMS recoupment. For further information, the provider may call the HMS Provider Recoupment Team (refer to Appendix B for contact information).

**Third Party Payment or Denial**

Third Party Liability (TPL) claims must be billed to the FI. Effective with processing date March 1, 2008, Louisiana Medicaid will process TPL claims differently for all recipients, and the payment calculation will change.

**Hardcopy Claims**

Providers who bill hard copy claims must continue to do so and attach a copy of the EOB. In addition, remarks, comments, and/or edit descriptions from the TPL carrier must be legible and attached to the claim. With the exception of Medicare, the assigned six-digit carrier code must be entered correctly in the designated block/field/form locator of the claim form. The dates of service, procedure codes and total charges on the primary EOB must match the claim submitted to Medicaid or the claim will be rejected. In addition, all Medicaid requirements such as pre-certification or prior authorization **must** be met before payment will be considered.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

Providers will continue to enter the total TPL payment amount in the “prior payments” field of the claim, but will no longer enter the contractual adjustment amount as a part of the TPL payment amount.

Refer to the specific program manual for instructions on entering these key pieces of information on the claim form.)

**Electronic Claims**

Louisiana Medicaid will accept and process TPL claims submitted electronically. It will no longer be necessary for providers to submit TPL claims hard copy with EOBs attached.

Providers must enter the appropriate and accurate information from the primary payer’s EOB for transmission electronically to Louisiana Medicaid for processing and payment.

Post-payment reviews will be conducted to ensure that accurate information is being submitted by providers. Detailed information concerning correct entry of TPL data in the 837 electronic specifications may be found in the Companion Guide(s) located on the Louisiana Medicaid web site, link “HIPAA Billing Instructions and Companion Guides”. Providers must choose the appropriate Companion Guide applicable to the 837 transaction that will be submitted.

Claims denied by the TPL carrier must be reconciled with the carrier before the claim is submitted to Medicaid for processing.

Providers may contact the FI’s EDI Department with questions concerning EDI transmissions (Refer to Appendix B for contact information).

**Payment Methodology**

When a recipient has other insurance, the recipient must follow any and all requirements of that insurance since it is primary. **Therefore, a recipient must seek services from an in-network provider.** If a recipient does NOT follow their private insurance rules and regulations, Medicaid will not be responsible for considering payment of those services. Thus, the recipient is responsible for the payment of the services. Providers must determine prior to providing services, to which plan the recipient belongs and if the provider of service is a part of the network of that particular plan.

Recipients must be informed prior to the service that they will be responsible for the payment if they choose to obtain the services of an out-of-network provider.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

The FI will process these claims as they were processed by the primary payer. The payment information indicated on the primary payer's EOB will be used to process the claim.

Additionally, Medicaid TPL payments will be calculated differently for recipients enrolled through the Louisiana Health Insurance Premium Payment Program (LAHIPP).

**Payment Changes for LAHIPP Claims**

For recipients enrolled in LAHIPP, once the claim has been processed and paid by the primary carrier, LA Medicaid as of April 1, 2008, processes and pays the full patient responsibility (co-pay, coinsurance, and/or deductible) - regardless of Medicaid's allowed amount, billed charges, or TPL payment amount. However, recipients must follow the policies of the primary plan, and only in certain circumstances will Medicaid consider payment of claims that are denied by the primary payer.

**Payment of Non-LAHIPP Secondary Claims**

Medicaid will use the revised cost comparison methodology to pay TPL claims for non-LAHIPP recipients with primary insurance. TPL claims will be processed by the primary payer, and TPL payment amount will be applied just as the primary payer indicates on the EOB. If there is only a total TPL amount on the EOB, "spend down" methodology will continue to be utilized. The payment will be made based on the lesser of:

- (1) the Medicaid allowed amount minus TPL payment,
- OR
- (2) the total patient responsibility amount (co-pay, co-insurance, and/or deductible).

**NOTE:** For all TPL claims, Medicaid will never pay more than the total co-pay, coinsurance and/or deductible. If co-pay, co-insurance and/or deductible are not owed, Medicaid will zero pay the claim.

**Receipt of Duplicate Payments**

If a provider receives payment from a third party carrier and a Medicaid payment for the same service, the amount of the Medicaid payment must be returned to Medicaid. The provider must refund the payment to the **TPL/Medicaid Recovery Unit** within 30 days of receipt of the duplicate payment or may choose to have it withheld from future payments.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

**Refund Checks**

When errors in billing occur (e.g., duplicate payments), instead of simply refunding payments, **providers should initiate claim adjustments or voids.** However, providers who find it necessary to refund a payment; should make checks payable to the Department of Health and Hospitals, Bureau of Health Services Financing, and mail the refunds to the Payment Management Section. **Refund checks should not be made payable to the FI.** (Refer to Appendix B for contact information).

To reconcile an account with the Department, providers must attach a copy of the remittance advice to the return or refund check and indicate which claim payments are being refunded. In addition, providers must explain the reason for the return or refund payment.

To determine the amount of a refund, providers should consider the following rules:

- Whenever a duplicate payment is made, the full amount of the second payment must be refunded.
- If another insurance company pays after Medicaid has made its payment and the TPL payment is greater than the Medicaid payment, the full amount of the Medicaid payment must be refunded.

**Note:** Adjustment/voided claims should be the provider's initial consideration. A refund check should be a last option, as this process takes a much longer time period to be completed and does not provide a clear audit trail.

**Trauma Recovery**

A provider may pursue a liable or potentially liable third party for payment in excess of the amount paid by Medicaid. (**La Register Vol.34, No.04 April 2008**).

A provider who pursues a liable or potentially liable third party for payment must:

- Establish his right to payment separate from the recipient.
- Obtain a settlement or award in his own name separate from a settlement or award obtained by, or on behalf of, the recipient; or
- Enter into a written agreement with the recipient, the recipient's legal representative, or recipient's attorney in fact that specifies the amount which will be paid to the provider.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

The provider must submit written notification to the Medicaid **Recovery Unit** within 365 days of the occurrence of the incident or accident if the provider has accepted Medicaid payment and wishes to pursue the difference between the amount billed and amount paid.

The notice shall contain identifying information regarding the recipient (i.e. name, date of birth, Social Security number or Medicaid identification number or both), the date of the accident or incident as well as any information regarding the existence or possible existence of a liable third party. The notice shall be sent to the Recovery Unit. (Refer to Appendix B for contact information).

**Receipt of the Difference**

If the difference is received, the provider must submit the Notification to Louisiana Medicaid form to the Medicaid Recovery Unit within 15 working days. The difference cannot be disbursed until the Medicaid Recovery Unit notifies the provider that the Medicaid Program has received all applicable payments (i.e. Medicaid has been made “whole”).

If Medicaid accepts less than full reimbursement, excluding any partial payment, Medicaid will be considered to have been made whole. Within 15 working days of receiving the “Notification to Louisiana Medicaid” form, the Medicaid Recovery Unit will issue a notice to the provider indicating that Medicaid has been made whole.

If Medicaid has not been made whole, the provider has 15 working days from the date of the Medicaid Recovery Unit’s notice to return the difference to the remitter and provide confirmation to the Medicaid Recovery Unit using the “Notice of Return of Payment” form.

If a provider has knowledge that an individual is a Medicaid recipient and is receiving or has received health care services that may be covered by Medicaid because of an accident or incident, the provider is prohibited from:

- Demanding any payment from the Medicaid recipient or his representative; or
- Pursuing collection of any type against the Medicaid recipient or his representative.

There are no rules or regulations that prevent a provider from demanding payment from, or pursuing any type of collection efforts for the difference against any liable or potentially liable third party.

**NOTE:** The “Notification to Louisiana Medicaid” form can be found on the Louisiana website under the forms link.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

**Request for Medical Information****Request from Recipient or Family Member or Insurance Company**

If a provider receives a request for medical bills or other information from the recipient or someone acting on behalf of the recipient, such as an attorney, insurance company, etc., the information may be released with the proper authorization from the recipient. Information requested by an insurance company with whom a claim has been filed may be filed directly with the carrier.

**Request from Attorneys**

Providers must promptly comply with requests from a recipient's attorney when requested in cases of personal injuries. Providers should follow the following procedures:

- Obtain a signed authorization from the recipient before giving any report; verbal or written.
- Compile the requested information. Forward this information to the attorney. A statement may be enclosed for copying the records.
- Mail a copy of the written request and authorization to the Bureau's TPL Trauma Unit.

Medical information concerning a recipient that is released by a provider must contain the following statements/information:

- The person is a Medicaid recipient,
- The recipient's Medicaid identification number,
- The bill has been paid by Medicaid or will be submitted to Medicaid for payment.

Providers who furnish medical information to attorneys, insurers, or anyone else must obtain a 3" x 3" ANNOTATION STAMP and must ensure that all outgoing medical information bears the stamp, which notifies the receiver that services have been provided under Louisiana's Medicaid Program. A sample of this stamp is located on our web site along with the notification form.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

**Pay and Chase**

Medicaid uses the “**pay and chase**” method of payment for prenatal and preventive care for individuals with health insurance coverage. This means that most providers are not required to file health insurance claims with private carriers when the service meets the pay and chase criteria. The Bureau of Health Services Financing (BHSF) seeks recovery of insurance benefits from the carrier within 60 days after claim adjudication when the provider chooses not to pursue health insurance payments.

**NOTE: Pay and Chase is not applicable to hospital claims.** Hospitals must continue to file claims with the health insurance carrier:

The following service classes do not require private health insurance filing prior to filing with Medicaid:

- Primary prenatal diagnoses are confined to those listed below. All recipients qualify.

V22.0	640.0-648.9
V22.1	651.0-658.9
V22.2	671.0-671.9
V23.0-V23.9	673.0-673.8
V28.028.9	675.0-676.9

- Primary preventative pediatric diagnoses (ages 21 and under) as listed below:

V01.0 V06.9	V77.0-V77.7
V07.0-V07.9	V78.2-78.3

V20.0-V020.2	V79.2-V79.3
V70.0	V79.8
V72.0-V72.3	V82.3-V82.4
V73.0-v75.9	

- EPSDT medical, vision, and hearing screening services (KIDMED screening services);
- EPSDT dental services;
- EPSDT services to children with special needs (formerly referred to as school health services) which result from screenings provided by school boards;

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

- Services which are a result of an EPSDT referral indicated by “Y” in block 24 H of the CMS-1500 claim form or “1” as the condition code on the UB-04 (form locators 24-30).
- Services for Medicaid eligibles whose health insurance is provided by an absent parent who is under the jurisdiction of the state child enforcement agency. All providers and services (regardless of diagnosis) qualify.

**Recoupment of Payments**

The provider must reimburse Medicaid in situations where the third party resource payment is received after Medicaid has been billed and made payment. Reimbursement must be made immediately to comply with regulations. This refund process is applicable to other claim situations in which an overpayment occurred and corrective action needs to be made. Providers should submit an adjustment/void either electronically or paper when adjusting/voiding claims within three years from the date of payment of the claim. Refund checks should be submitted when adjusting/voiding claims with dates of service three years or older.

Providers may reimburse Medicaid by forwarding a check identifying the claim or claims to which the refund is to be applied. Identifying claims will help to reduce additional correspondence. This information can be found on the RA as follows:

- Provider Number
- Date of Payment
- Control Number
- Recipient Name and Identification Number
- Date of Service
- Amount Paid
- Reason for Refund

In cases where the provider sends in one refund check for multiple recipients/claims, providers should keep a current record of all claims associated with their refund check. The provider should closely monitor all subsequent RA's to ensure that all adjustments/voids associated with the one refund check have been posted and accounted for and posted by the provider.

Refunds should be made payable to the Department of Health and Hospitals and mailed to the attention of DHH Payment Management Section (Refer to Appendix B for contact information).

**NOTE:** Checks are not to be made payable to the FI.

**Remittance Advice**

The remittance advice (RA) plays an important role in that it is the primary communication tool between the provider, the BHSF, and the FI. Aside from providing a record of transactions, the RA assists providers in resolving errors and recording or posting paid claims.

The RA is a computer generated document that informs the provider of the current status of submitted claims – approved, pending, or denied. RAs are generated weekly for all providers who have submitted claims for processing during a weekly cycle. RA's are mailed out to providers on Tuesdays of each week.

All providers with approved, denied, or pending claims receive a paper RA whether billing hard copy or electronically.

**Electronic Remittance Advice**

The electronic remittance advice (RA) is produced in the HIPAA-compliant format. All providers who bill electronically may elect to receive an electronic RA which contains all information regarding adjudicated (paid or denied) claims. Information regarding pending claims is reported electronically in the 277 Unsolicited Claim Status format. Providers must contact the EDI Department or their EDI vendor to receive electronic RAs.

**Remittance Advice Copy and History Requests**

Provider participation in the Louisiana Medicaid Program is entirely voluntary. State regulations and policy establish certain requirements for providers who choose to participate in the program. One of those requirements is the agreement to maintain any information regarding payments claimed by the provider for furnishing services for a period of five years.

It is the responsibility of the provider to retain all RAs for five years. However, if it is necessary for a provider to request copies of RAs or claim histories, the FI will supply this information for a fee. No fee will be charged in cases where the provider did not receive a check and RA.

Requests for RAs not received must be made within three (3) weeks of the RA date or there will be a charge for this information.

If providers are requesting RAs for multiple weeks or a large volume of RAs, the FI will determine whether RA copies or a claim history will be provided.

Requests for RAs or claims histories may be made through the Provider Relations Unit.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

The provider name, number, address, date(s) of the RA being requested, and name of the individual requesting and authorizing the request must be included in the request. Upon receipt of the request, the provider will be notified of the number of pages to be copied and the cost of the request. The RA/history will be forwarded to the provider once payment is received.

A fee of \$0.25 per page, which includes postage, is charged to any provider who requests an additional copy of a Remittance Advice of one or more pages. Claims history fees may apply at the time of order.

### **Adjusting and Voiding Claims**

Incorrect claims payments may be adjusted or voided either electronically or hard copy. Adjustments/Voids must be submitted on the correct adjustment/void form (see the appropriate program manual for specific forms and instructions). Completed adjustment/void forms should be mailed to the fiscal intermediary for processing. (Refer to Appendix D)

#### **Information to Remember When Submitting Adjustments/Voids:**

- Only one (1) internal control number (ICN) can be adjusted or voided on each form.
- Only a paid claim can be adjusted or voided.
- Incorrect provider numbers and recipient Medicaid ID numbers cannot be adjusted. They must be voided, and then resubmitted.

The information must be completed on the adjustment form exactly as it appears on the original claim, changing only the item or items that were in error. The reason code for the change **MUST** be entered in the space provided (see Program Manuals for specific codes).

After a voided claim has been approved and appears on a RA, an original corrected claim can be resubmitted for processing.

It is important to enter the correct internal control number and remittance advice date from the paid claims in the correct block/field/form locator for the claim type. If this information is not entered correctly, the claim will deny with error message 799 (no history for this adjustment/void) or error message 798 (history record already adjusted), or some other error message depending on the incorrect information entered.

When an Adjustment/Void form has been processed it will appear on the RA under “Adjusted or Voided Claims” either as Approved or Denied.

---

**CHAPTER 1: GENERAL INFORMATION AND ADMINISTRATION**

---

**SECTION 1.4: GENERAL CLAIMS FILING****PAGE(S) 21**

---

For adjustments, the approved adjustment will appear first under the heading “Adjustment Claims”. The original claim line will appear in the section directly beneath the heading “Previously Paid Claims”.

An adjustment will generate credit and debit entries that will appear in the remittance summary on the last page of the RA as “Adjustment Claims,” and “Previously Paid Claims”

For voids, the claim will appear on the RA under the heading “Voided Claims” and in the remittance summary on the last page of the RA as “Voided Claims”.
