**THE FOLLOWING SERVICES ARE AVAILABLE TO CHILDREN AND YOUTH WITH
DEVELOPMENTAL DISABILITIES
TO REQUEST THEM CALL THE OFFICE FOR CITIZENS WITH DEVELOPMENTAL DISABILITIES

DD MEDICAID WAIVER SERVICES

To sign up for "waiver programs" that offer Medicaid and additional services to eligible persons (including those whose income may be too high for other Medicaid), ask to be added to the Developmentally Disabled (DD) Request for Services Registry (RFSR). The **New Opportunities Waiver (NOW)** and the **Children's Choice Waiver** both provide services in the home, instead of in an institution, to persons who have mental retardation and/or other developmental disabilities. Both waivers cover Family Support, Center-Based Respite, Environmental Accessibility Modifications, and Specialized Medical Equipment and Supplies. In addition, **NOW** covers services to help individuals live alone in the community or to assist with employment, and professional and nursing services beyond those that Medicaid usually covers. The **Children's Choice Waiver** also includes Family Training. Children remain eligible for the Children's Choice Waiver until their nineteenth birthday, at which time they will be transferred to an appropriate Developmentally Disabled (DD) Waiver.

The **Supports Waiver** provides specific, activity focused services rather than continuous custodial care. This waiver offers Supported Employment, Day Habilitation, Pre Vocational Services, Respite, Habilitation and Personal Emergency Response System. The **Residential Options Waiver (ROW)** is only appropriate for those individuals whose health and welfare can be assured via the Support Plan with a cost limit based on their level of support need. This waiver offers Community Living Supports, Companion Care, Host Home, Shared Living, Environmental Modifications, Assistive Technology, Center Based Respite, Nursing, Dental, Professional, Transportation-Community Access, Supported Employment, Pre Vocational Services and Day Habilitation.

EPSDT EXAMS AND CHECKUPS

Medicaid recipients under the age of 21 are eligible for checkups ("EPSDT screens"). These checkups include a health history; physical exam; immunizations; laboratory tests, including lead blood level assessment; vision and hearing checks; and dental services. They are available both on a regular basis, and whenever additional health treatment or services are needed. EPSDT screens may help to find problems, which need other health treatment or additional services. **Children under 21 are entitled to receive all medically necessary health care, diagnostic services, and treatment and other measures covered by Medicaid to correct or improve physical or mental conditions. This includes a wide range of services not covered by Medicaid for recipients over the age of 21.**

PERSONAL CARE SERVICES

Personal Care Services (PCS) are provided by attendants when physical limitations due to illness or injury require assistance with eating, bathing, dressing, and personal hygiene. PCS does not include medical tasks such as medication administration, tracheostomy care, feeding tubes or catheters. The Medicaid *Home Health* program or *Extended Home Health* program covers those medical services. PCS must be ordered by a physician. The PCS provider must request approval for the service from Medicaid.

EXTENDED SKILLED NURSING SERVICES

Children and youth may be eligible to receive Skilled Nursing Services in the home. These services are provided by a Home Health Agency. A physician must order this service. Once ordered by a physician, the home health agency must request approval for the service from Medicaid.
