CORRECTION TO HOSPITAL INPATIENT CLAIMS DENIED WITH EDIT 048

An error occurred in processing inpatient hospital claims that included an ICD-9 surgical procedure(s). These claims were incorrectly denied on the RAs of 10/21/14 and 10/28/14 with edit 048 (Missing/Invalid Surgical Procedure Code). This error has been corrected and the denied claims are being recycled on the RA of 10/28/14. Provider may see claims that were submitted from 10/17/14 – 10/23/14 listed as both denied and paid on the RA of 10/28/14. We apologize for any inconvenience this has caused.
